

# BONGBONG A. BERCASIO

## PROFESSIONAL SUMMARY

---

bercasbongbong@gmail.com

09102764396

Communal, Buhangin, Davao City, Davao del Sur

<https://bercasioportfoliolatest.vercel.app>

Dedicated Full-Stack Developer with 2.5 years of hands-on experience building real-world solutions using Laravel, jQuery, JavaScript, Bootstrap, and MySQL — including a complete school management system. I also completed formal training in the MERN stack during a bootcamp, giving me a solid understanding of modern full-stack development. I focus on creating clean, user-friendly applications and bring humility, reliability, and a fast-learning mindset to every team. Ready to contribute from day one.

## WORK EXPERIENCE

### Web Developer

ITECH RAR Solution

*November 2024 – May 2026*

- Developed and maintained key features for a school management system used by teachers, students, and staff
- Built modules including student registration, grading, attendance, report cards, and other core school processes
- Fixed bugs, refined workflows, and enhanced overall system performance for smoother daily operations
- Collaborated closely with the Registrar and Guidance departments to understand needs and deliver practical, user-friendly solutions

### Web Developer/Personal Project

IBislig center Iphone Store

*June 2025– April 2026*

- Developed a Point-of-Sale (POS) and basic ERP system to help a small business manage sales, inventory, and daily operations
- Implemented modules for product management, sales tracking, reporting, and basic analytics.
- Focused on creating an intuitive, user-friendly interface for easy adoption by non-technical users.
- Learned practical problem-solving skills in handling workflows and organizing data efficiently.
- Gained hands-on experience in building end-to-end business solutions from planning to deployment.

### Internship as a Web Developer

Oso link Solution

*June 2025– April 2026*

- Contributed to team success by improving the company's online presence through SEO strategies and content management
- Assisted in updating and optimizing website content to enhance search engine visibility and user engagement
- Gained hands-on experience with WordPress and learned best practices for organizing and presenting web content

### Software Development Bootcamp

Zuitt Bootcamps

*July 2022 – October 2022*

- Completed an intensive MERN stack program with hands-on projects
- Gained practical experience building full-stack web applications using MongoDB, Express.js, Node.js, and React
- Collaborated on team projects, improving problem-solving, coding, and teamwork skills
