EXPERIENCES

PROJECT COORDINATOR | Landscaping & Renovation Project

Independent & Contract-Based | Tarlac City, Tarlac | August 2025 – January 2026

- Coordinated and prepared full project lifecycle across all phases—Pre-Design, Schematic Design, Design Development, Contract Documents, Bidding/Negotiation, and Construction Administration—from proposal through execution and close-out, ensuring alignment with scope, timelines, and client requirements.
- Prepared detailed Quantity Take-offs, Bills of Quantities (BOQ), and Bills of Materials (BOM) using Microsoft Excel with formula-driven tracking for accurate cost estimation and budget control.
- Managed procurement, supplier coordination, and material scheduling, including finishes such as tile materials and surface finishes, decking materials, and outdoor fixtures.
- Coordinated and supervised installation works, including tile installation, layout planning, material allocation, surface preparation, and installation quality control, wall finishes, painting works, gate installation, metal works and fabrications, pool decking systems, fencing wall renovation, landscaping, plant selection, outdoor lighting designs, and pond construction.
- Led daily on-site operations and supervised 30+ personnel (foremen, skilled workers, and laborers) to maintain productivity and meet deadlines.
- Monitored project schedules using Google Calendar, budgets, payroll, and expenditures to ensure cost efficiency and timely project delivery.
- Acted as the primary point of contact between clients, contractors, and installers; provided progress updates and resolved site issues proactively.
- Maintained complete project documentation and conducted site supervision to ensure compliance with safety standards, quality requirements, and best practices.

ARCHITECTURAL APPRENTICE | Multiple Residential Projects

M.L. Rodriguez Design & Services | Bagac, Bataan | July 2024 – Feb 2025

- Presented and drafted 17 residential projects through preparation of architectural design plans and detailed layouts aligned with client requirements and project goals.
- Produced detailed 3D renderings for interior and exterior views; developed interior layouts with appropriate materials, furniture, and finishes.
- Prepared and computed Bills of Materials (BOM) and Bills of Quantities (BOQ) using Excel, ensuring accuracy in cost estimation and material planning. As well as assisted in the preparation of complete sets of plans, including Architectural, Structural, Plumbing, and Electrical drawings.
- Collaborated with architects & project teams to refine design concepts, technical drawings, and presentation outputs and apply local building code that follow egress, proper circulation and functional zoning.
- Utilized AutoCAD for 2D drafting, SketchUp for 3D modeling, & Enscape for visualization and rendering.
- Applied Revit for Building Information Modeling (BIM) and Bluebeam Revu for material take-offs and drawing review.
- Used Photoshop for visual enhancements and PowerPoint for professional client presentation

PROJECT ADMINISTRATOR | Government, Hospital, Resort & Apartment Projects

JDM General Construction | Bagac, Bataan | August 2024 – January 2025

- Supported the preparation of bidding documents and ensured the accuracy and validity of compliance requirements for 3 (three) government project proposals.
- Assisted in the design, planning, & drafting of a Resort development project in Orani, Bataan— including site development plan, A-frame cabin designs, pool layouts, & interior presentation.
- Assisted in design, planning, & drafting of Apartment in Guadalupe, Makati City. Also, assisted in the design, planning, and drafting in Renovation of Wards in Immaculate Conception Medical Center,

- Provided site supervision, ensuring smooth coordination and organized construction workflow.
- Drafted and computed Bill of Materials (BOM) & Bill of Quantities (BOQ) for each assigned project.
- Contributed to minor project tasks, including the design and installation of balcony partition grills in a hotel & the layout of a kitchen-living interior offering virtual assistance under supervision of architect.
- Maintained organized documentation, correspondence, and administrative records to support daily operations. Also, processed payroll for construction workers and handled procurement and billing support across ongoing projects.

FREELANCE DRAFTSMAN & ESTIMATOR | Architectural & Design Services

Self-Employed | Remote & On-Site | June 2024 – Present

- Prepared complete architectural drawing sets including Floor Plans, Elevations, Sections, and detailed drawings in compliance with design intent and project specifications.
- Created structured mood boards using Milanote to organize material palettes, color schemes, and furniture references, and utilized Pinterest to curate design inspiration and interior styling trends that guided overall design direction for each project.
- Prepared detailed architectural and shop drawings for kitchen layouts, kitchen cabinetry, casework, millwork and interior partitions, including dimensioned plans, sections, and material specifications.
- Developed design specifications and material designations to guide construction and ensure design integrity throughout project execution.
- Produced detailed construction drawings and shop drawings using AutoCAD and SketchUp Layout, ensuring dimensional accuracy and buildability.
- Created and rendered 3D models using SketchUp, with photorealistic visualization outputs through Enscape for client presentations and design reviews. As well as performed BIM modeling using Autodesk Revit while also applied post-production editing and visual enhancements using Adobe Photoshop.
- Produced layout plans with focus on circulation, furniture spacing, and functional zoning aligned with practical space planning principles.
- Produced high-volume, template-based layout drawings with consistent formatting, ensuring accuracy and efficiency across repetitive drafting outputs.

SEASONED ARTIST AND DESIGNER | Freehand & Digital Drawings | Self-Employed

Remote Work & Online Platforms | June 2018 – April 2026

- Charlies Drawings | Europe and Australia
Delivered 2,500+ custom digital hand-drawn artworks remotely and coordinated as a seasonal artist during peak holiday periods, creating personalized designs using Photoshop & Huion pen tablet while managing high-volume orders, maintaining quality consistency, and meeting tight turnaround deadlines provided with AU and UK standards in art and design.
- Letterfest | Devon, Europe
Created 1500+ personalized digital illustrations remotely and coordinated for an international custom gifting platform offering pet portraits, couple and family illustrations, house and venue sketches, children's personalized story books, and commemorative gifts, transforming client photos into hand-drawn artworks using Photoshop, Adobe Illustrator, and a Huion pen tablet while ensuring quality consistency, revisions handling, and on-time delivery under tight deadlines meeting the UK Standards.
- Turn Me Royal | California, USA
Created 1,000+ customized Renaissance-style digital portraits as a remote seasonal artist and coordinated during peak holiday periods, transforming client photos into hand-drawn, oil-paint-style artworks using Photoshop & Huion pen tablet, while meeting high-volume demand and tight deadlines with consistent quality meeting the American Standards. Applied post-production editing and visual enhancements using Adobe Photoshop to deliver polished presentation materials and rendered outputs.

EDUCATION

Bachelor's Degree in Architecture

BATAAN PENINSULA STATE UNIVERSITY – MAIN CAMPUS | August 2019 – April 2025

College Achievement Awards

RANK 1: Pencil Rendering Competition | BPSU – Main Campus | August 2023

RANK 1: Arch'l Design 9: Thesis Writing (Section Level) | BPSU – Main Campus | January 2024

RANK 2: Digital Painting Competition | UAP Singapore | November 2022

RANK 3: Pencil Rendering Competition | TSU, San Isidro Campus | September 2023

RANK 3: Charcoal Rendering Competition | PSAU, Magalang, Pampanga | September 2024

RANK 6: Toilet Design Competition | BPSU – Main Campus | December 2022

TOOLS & SKILLS

ARCHITECTURAL SOFTWARES

Autodesk Autocad (Licensed), Autodesk Revit (Licensed), Autodesk 3DSMax (Licensed), Sketchup, Sketchup Layout, Chaos Enscape, Chaos Vray, Lumion, Bluebeam Revu

PRESENTATION

Microsoft Word, PowerPoint, Excel | Google: Docs, Spreadsheet, Slides

CREATIVES

Adobe Photoshop, Adobe Illustrator, Adobe Indesign, Canva, Milanote, Pinterest Boards

ARTIFICIAL INTELLIGENCE

Prompt Engineering in Chatgpt, Bard, Gemini, Krea Ai, Midjourney

COMMUNICATIONS

Discord, Zoom, Asana, Notion, Slack, Gmail, Google Calendar, Google Meet and Microsoft Teams

CERTIFICATIONS & HOBBIES

United Architects of the Philippines – Student Auxiliary (UAPSA) Membership | 2019 – 2025

Guhit Pinas Membership | Group for Artists and Designers | 2016 – 2020

Swimming Lesson: Owlquatics for a Cause | Seminar for Basic Swimming and Survival | 2023

Good Times (GTWM) Radio | Podcast Listener and Enthusiasts | 2021 – Present
