AI RESPONSE EVALUATOR & DATA ANNOTATION SPECIALIST

PROFESSIONAL SUMMARY

Detail-oriented and dependable professional with hands-on work experience and strong Tagalog and English communication skills. Experienced in following detailed procedures, maintaining accuracy, checking work quality, identifying issues, and completing tasks consistently according to instructions. Interested in AI training, data annotation, AI response evaluation, content quality review, and data labeling opportunities. Able to carefully review written information, compare responses against guidelines, identify factual errors or inconsistencies, and provide clear, objective judgments. Strong attention to detail, critical-thinking ability, and willingness to learn new project guidelines and evaluation criteria. Comfortable working independently and meeting quality expectations in structured, deadline-driven tasks.
